## **MATES Students “Catch a Cold” from Author Adam Newman**

Library time was extra exciting last Friday at M.A.T.E.S. Charter School. Students had a visit from author Adam T. Newman. Mr. Newman read his recently published children’s story, How to Catch a Cold, and discussed what inspired him to become a writer.

“It was a terrific opportunity for the students to connect with an author as a real person,” said librarian Renee Dake. “Mr. Newman’s book was entertaining and the children had lots of questions about the writing process that he was able to answer for them. I think he definitely inspired some students to be creative and put their ideas on paper!”
